## GREAT BEYOND BECKONS AND FAMOUS EXPLORER ANSWERS ETERNAL CALL

Rear Admiral Robert Edwin Peary Begins Long Journey From Which None Return

HE FOUND NORTH POLE

Anemia Claims A Prominent American After Long Illness

(By Associated Press)

Washington, February 20.—Rear Admiral Robert Peary, retired Arctic explorer and discoverer of the North Pole, died at his home today from pernicious anemia, from which he had suffered for several years.

Funeral arrangements have not been completed, but he will be buried with full naval honors.

Admiral Peary submitted to a blood transfusion at a hospital here ten days ago. His condition had been reported as somewhat improved, but he began to grow weaker and died early today.

It was said his last blood transfusion ten days ago was the thirty-fifth to which he had submitted within two years. He was 64 years old and entered the navy in 1881.

Admiral Peary made seven expeditions into the Arctic before he finally reached the North Pole, returning in 1909 to find that Dr. Frederick Cook was being praised as the discoverer.

It was on the afternoon of September 6, 1909, that the following few words reported to the civilized world for the first time this crowning achievement of three centuries of effort: "Indian Harbor via Cape Ray, N. E. September 6.—To The Associated Press, New York.

"Stars and Stripes nailed to North Pole.

"PEARY."

Peary's actual attainment of the Pole had been just five months before on April 6, 1909.

When this despatch came, the world was, quite unknown to Peary, already praising Dr. Frederick A. Cook as the discoverer. Only four days previous to the Peary announcement, Cook, who was on his way back to Copenhagen on board a Danish steamer, had telegraphed the claim that he reached the Pole on April 21, 1908—nearly a year ahead of Peary.

## SENATE WANTS LINERS SALE ONLY ON ORDER

(By Associated Press)

Washington, February 20.—The Senate Commerce Committee today ordered favorably reported Chairman Jones' bill prohibiting the sale of the 30 former German passenger liners except as may hereafter be provided by Congress.

While no record vote was taken on the bill the committee previously adopted a motion ten to three proposing that the sale be prohibited.

## FAVOR NATION- WIDE TRAINING

(By Associated Press.)

Washington, February 20.—The principal of universal military training as a part of the nation's future military policy was accepted today by the house military committee by 11 to 9. This means that the committee's army reorganization bill will contain a general training provision.

## ARCHANGEL CAPTURED FROM LOYAL RUSS ARMY

Bolshevik Possession of City Weakens Dvina Line of Defense.

"WHITES" JOIN REDS

Former Port of Entry of Allies During Operations in Russia

(By Associated Press)

London, February 20.—Bolshevik forces have captured Archangel, on the White Sea, according to a Moscow wireless dispatch today.

The "Whites" abandoned the town and troops joined the Bolsheviks, the message declared.

The last advice to the British War Office was that on February 18 the Bolshevik forces were 70 miles south of Archangel.

Bolshevik possession of the city would mean a material weakening of the Dvina line.

Archangel was for a long period during the war the main port of entry for Russian war supplies from the Allies.

## ARRESTS MADE IN HUGE SPARK PLUG SWINDLE

Chicago Firm Charged With Usurping Toledo Company's Patents.

Low Grade Plugs Bore High Grade Name is Charge Made

(By Associated Press)

Chicago, February 20.—One man was under arrest here today and a number of others were sought in connection with what police said was a plot to flood the market with low grade spark plugs bearing the trade mark and name of a Toledo, Ohio, company.

The imitations, it was said, have been made in Chicago and disposed of by thousands for four years. The alleged swindle is said to have netted more than one million dollars and to have threatened the existence of the original manufacturing company.

## KILLED MAN WHO CURSED AMERICA AND GOES FREE

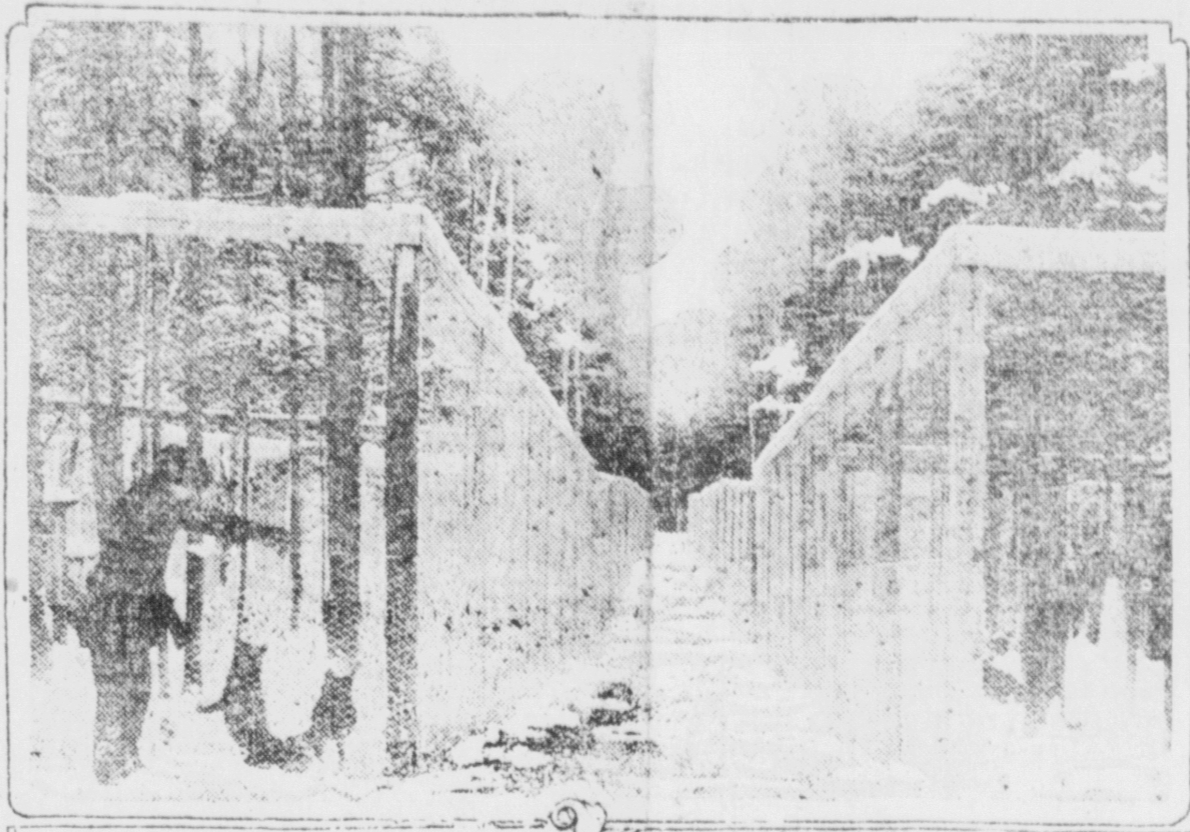

(By Associated Press.)

Hammond, Ind., February 20.—It took a Hammond jury two minutes to acquit Frank Pedroni, an Italian, who admitted he killed Frank Petrich.

Pedroni, a naturalized citizen, had an argument over Austro-Italian claims with Petrich, who was said to have been a red.

During the argument, Petrich said, "To hell with the United States." Pedroni shot him dead.

## KAUF IS OUT AFTER GIVING BAIL OF \$1000

New York Giants Center-Fielder Arraigned On Charge

Prosecution Says Auto Stolen Dec. 8th Instead of Oct 27

(By Associated Press)

New York, February 20.—Benny Kauff, center fielder for the New York Giants was held in \$1,000 bail for trial when arraigned today on a charge of grand larceny and criminally receiving a stolen automobile. He provided bail and was released.

He produced a bill of sale dated October 27, 1919, and told the court it was for the machine alleged to have been stolen. The prosecution contends the machine was stolen December 8th.

Reply Said to Leave No Room For Further Argument Regarding Stand of America

SAYS U. S. CANNOT ACCEPT

Secret Treaty of London To Be Included in Plan to Which United States Agrees.

Note Still in Hands of Acting Secretary Polk

(By Associated Press.)

Washington, February 20.—The position of the American government on the Adriatic settlement has been made so plain in President Wilson's reply to the Allied note that Administration officials believe the way to further argument on the subject has been closed.

It was said today, however, that by this they did not mean the door to further exchanges had been shut. On the contrary the reply to the president's latest communication is anticipated and final agreement is expected.

The President throughout the present exchanges is understood to have made it perfectly clear that the United States cannot accept the settlement reached by the allied premiers and concurred in by Italy and which was made the subject matter of the ultimatum to Jugo-Slavia last month.

He also is said to have made it equally clear that enforcement of the Adriatic terms of the secret treaty of London negotiated before this country entered the war would be wholly unacceptable to the United States.

The note still is in the hands of acting Secretary Polk to whom it was sent yesterday for study and it was said at the state department that it would not be dispatched today but probably will be sent tomorrow.

Universal Military Training Also Included in Tentative Platform.

(By Associated Press)

New York, February 20.—Carrying out without change the program mapped out by party leaders, the unofficial republican state convention closed today with adoption of platform bitterly ministration and with the recommendation that United States Senators Wadsworth and Calder and Nathan Miller and William Boyce Thompson be elected delegates at large to the national convention at the spring primaries.

Immediate ratification of the peace treaty with reservations retaining for the United States its right to withdraw from the League of Nations after proper notice, a declaration in article ten in its present form and protection for the Monroe Doctrine were advocated in the platform adopted. The platform also included a statement that the party will resist all attempts to overthrow the foundations of the government or weaken the force of its controlling principles or ideals. The platform also included planks for decentralization of executive powers establishment of a national budget with rigid governmental revision of the income tax, Americanization and universal military training.

## LABOR UNIONS ARRANGE FIGHT ON RAIL BILL

(By Associated Press.)

Washington, February 20.—Union labor, led by officers of the American Federation of Labor and Railroad Brotherhoods today had well under way its fight in Congress against the adoption of the redrafted railroad reorganization bill.

Besides the memorial prepared by representatives of 15 railroad unions and federation officers at an all-day conference yesterday and which was addressed to Congress as a whole, individual congressmen were deluged by letters and telegrams from union leaders protesting against enactment of the bill into law. The plan of the unions provide first, for a determined fight in the house and senate. If defeated there the conference will be taken direct to President Wilson in the hope of a veto.

## PLAN TO MAKE MARKET STREET REAL BOULEVARD

Improvement of East Market With 15 Foot Grass Plot Through Center is Sought.

Would Leave Over 22 Feet On Each Side—Row of Standard Lights.

The improvement of East Market street by paving and converting into a real boulevard by a fifteen foot grass plot through the center and driveways 22½ feet in width on either side, with a row of standard street lights through the center of the grass plot, is now being agitated by residents of that part of the city, and if the plan becomes a reality, East Market street will be one of the most attractive residential sections of the city.

Blue prints of the parking plan are now on display in Craig Brothers show window, where they will attract much attention for days to come, and will give all residents of the street a fair idea of what the improvement would be like.

The kind of paving has not been suggested, but would be left to the option of the property owners.

Completion of the plans made would lessen the cost of improving and maintaining the street, which is sixty feet in width, and at the same time make it an ideal resident street in every particular.

The grass plot through the center, with a row of standard lights, would add great attractiveness to the street. It is argued by those back of the proposed improvement.

Some such plan for improvement was considered ten or twelve years ago, and has been discussed many times since, but the present time is the only one when definite plans have been made and decision reached to push the plan of improvement.

## TO AVOID THE "FLU"

First Of All, Make Sure Your Blood is Red and Rich—in Fighting Trim

### SAFETY IN VIGOROUS BLOOD

If You're Listless and Depressed Don't Delay a Minute—Get a Good Tonic

If you get the influenza, see a doctor at once—but why get it? Isn't it worth while, instead, to take every precaution now, against getting it?

Probably the best and first thing to do is to make sure you are in good physical condition. During an epidemic, almost wherever you go you are exposed to influenza. As long as you are really well, the red corpuscles of your blood fight off and defeat disease germs. But when you are tired and run down, when you feel all right except that you haven't much energy or enthusiasm, your blood is tired out too, and you are an easy victim.

Pepto-Mangan has become famous as a builder of rich, vigorous blood. It helps you up when you are run down. It helps you avoid illness. Or, it helps you recover, if you realize your poor physical condition too late.

Physicians have been recommending Pepto-Mangan for years, in cases of anemia (bloodlessness). It is reliable, effective, and has a record of over twenty-five years' success. Take no chances with a rundown condition. Get Pepto-Mangan today. It is good health insurance.

Pepto-Mangan is sold in liquid and tablet form. There is no difference in medical value. Take either kind you prefer. But be sure you get the genuine Pepto-Mangan—"Guide" The full name should be on the package. Adv.

**AUTO LICENSES GOING RAPIDLY AT CLUB OFFICE**

One Half of License Fee Comes Back to Fayette County Under New Law.

Licenses in Fayette County Will Aggregate Nearly \$30,000, Statistics Show

Persons applying for license plates for their automobiles at the office of the Fayette County Automobile Club invariably wonder why it is necessary to tell the exact place of residence.

The reason is that the club, as official distributor of the license plates for the state, must have the complete record in accordance with the new law which provides for districts of registration. To these districts a refund is made of fifty per cent of the fees collected which goes to the repair and maintenance of the streets of the city, the streets of the municipal corporations of the county and the county roads. Each city, municipality and township, contained in these districts is given their half of the money turned in from the district.

The difference in the distribution from last year lies in the fact that last year each county was given an eighty-eighth share of the two and one half million dollars collected in the state from the fees of auto licenses, while this year half of the money turned in by the district is refunded to the district.

Statistics thus far show that cars will average \$11.60 per car. Licenses his year will aggregate in the neighborhood of \$30,000.00, one half of which will be refunded to Fayette county.

Up to the present time the club has sold 157 pairs of licenses which are divided as follows: Fayette county 91, \$811; Washington C. H., 55, \$532; Milledgeville, 3, \$24; Jeffersonville, 2, \$16; Bloomington, 3, \$24; Highland, O., 1, \$8; Greene county, 1, \$8; Ross county, 1, \$8.

**HOG PRODUCTION ON THE INCREASE**

Although farmers were reported to have reduced the number of their swine because of reduction in price, reports from the Federal Crop reporters show that there has been an increase of two per cent instead of a decrease.

A year ago, according to the figures issued, Ohio had 4,266,000 hogs, as compared with 4,351,000 at the time the report was compiled a short time ago.

It is believed that the increase is due in part to the declaration that fewer hogs were to be raised, and that as a result most farmers increased their herds in anticipation of others producing fewer swine.

Never Drew Full Pay Until Tanlac Built Him Up—Works Every Day Now.

"When a man has stomach trouble for three years so bad he couldn't eat anything, not even eggs, without suffering afterwards and then finds a medicine that fixes him up so he can eat cabbage or anything else he wants, I think it's time for him to talk for the benefit of others. Well, that's what Tanlac has done for me, besides I am now fifteen pounds heavier than I was the day I began taking it a few weeks ago."

The above statement was made by T. H. Monroe, a motorman on the Preston and Eighteenth street car line in Louisville, Ky., living at 220 South Eighteenth street, while discussing the medicine recently.

"I never knew what it was to draw a full pay check," Mr. Monroe continued. "For there was always four to eight days taken out for time lost, on account of my being unable to work. I was in such bad shape that it looked like I would have to quit entirely."

"Nothing agreed with me and what little I did eat felt like lead in my stomach. My food would invariably sour, causing gas, bloating and worst kind of pains. I was constipated all the time, continually lost weight, and for three years I was miserable."

"But since taking Tanlac I am feeling fine and always draw full pay, for I am on the job every day now. I decided to try Tanlac because a lady living at Valley Station told me that Tanlac relieved her indigestion completely. I got a bottle and soon after starting on it I commenced to feel better. I have taken five bottles now and can eat cabbage, turnips or just anything else I want and never feel a touch of indigestion. Why, my stomach simply feels like a new one and I am just like a different man. Whenever any of my family complains of feeling bad I give them Tanlac. It is my family medicine and has saved me many a dollar and would have saved me lots more if I had known about it three years ago. Yes sir, I certainly can recommend Tanlac, for I believe it's the best medicine ever sold in a drug store for any sort of stomach trouble."

Tanlac is sold at Washington C. H. at C. S. Haver's drug store.

## "Not If I Know My Country"

"The plight of the people of Armenia presents a tragedy inconceivable. Hundreds of thousands of descendants of the earliest Christian race are now, because of their religion, undergoing sufferings beyond the imagination of civilized America," writes Mrs. Josephus Daniels, wife of the Secretary of the Navy.

"During the war it is estimated that one million Armenians, a third of the total population, were massacred. No barbarity in human history exceeds the gross cruelty of that destruction. Thousands were driven out upon the desert there to die, from hunger and thirst, under the pitiless rays of a tropical sun.

"Such was the price which the Armenian people paid for their Christianity and their loyalty to the cause of justice and democracy during the world war.

"Armenians from the Turkish provinces are refugees in the Russian Caucasus and in Syria. For five years these small farmers have been nomads, driven out of their homes, without means of self-sustenance. Today, nothing but American relief stands between them and destruction.

"One quarter of a million children chiefly orphans whose parents perished in massacres, are utterly dependent on American charity.

"Many thousand women, Dr. James Barton, Chairman of the Executive Committee of the Near East Relief who has lately returned from Armenia, estimates them at 60,000,—who have fled from persecution, can live only if American men and women give for their needs.

"Hundreds of thousands of refugees in the Caucasus, clad only in torn verminous rags, without shelter and without food, can exist only if America has compassion upon them.

"Reports made to the Peace Conference indicate that support is required from December 1st until harvest of next summer. Food, clothing, medicines, and other materials are needed. America of all the nations alone has the resources and the spirit to succor this people. Armenia looks to America. In their simple piety Armenians say America is the hand of God stretched out for their relief.

"Shall we fail them? Not if I know my country!

"Of our plenty we will give to God's poor."

## The Kansas Strike Cure

Kansas is now being pointed out as the first state actually to prohibit strikes, the first to make the State Government the adjudicator of labor disputes, the first to enact laws giving the State power to fix a minimum wage.

Once more Kansas verifies her right to figure in the limelight as a live wire State, and her State officials blessed with plenty of backbone.

The chief business at the special Legislature in session at Topeka was industrial legislation, including a court of industrial relations.

Labor radicals naturally opposed these efforts to provide against a recurrence of such disastrous strikes as the recent coal strike.

In his message Governor Allen said "These men established the first sad record in the United States of government by coercion when they brought about the Adamson law. They now come to Kansas reminding the legislators of the political power of their organization to secure the same sort of victory in Kansas they forced in Washington. These enthusiastic promoters of industrial warfare underestimate the Kansas spirit."

Governor Allen believes, "there is no reason why Government should not have the same power to protect society against the ruthless offences of industrial strike as it always had to protect it against recognized crime."

In condensed Summary from the Topeka dispatches the new law, which became effective January 24th, establishes an industrial court of three judges appointed by the Governor for three years. The court may amend or change any employment contract. If either or both parties to a controversy refused to obey the court's orders, the State may take over the industries in question and operate them. Collective bargaining is recognized, but the right to "picket" or to disturb workers is denied. Striking in violation of the law is punishable by a \$500 fine or six months in jail or both with a fine of \$1,000 or five years in the penitentiary or both attached to ordering, calling or fomenting a strike.

The Kansas City Times estimates this Industrial Court law by saying, "It provides an open door for labor; a tribunal to see that labor gets all that it is entitled to get and gets it without the old strong-arm methods of strikes and riots. It pledges the good faith of the State to see that laborers' rights are protected and at the same time that capital is not endangered. It is a bill to give the public that protection which the people cannot get outside of government activity and every restriction of the measure on capital and on labor alike is merely incidental to the protection of the people."

There is a wide spread sentiment of approval concerning the Kansas strike cure.

State and Federal Labor Boards have come to be regarded as wise agencies in efforts being made to adjust the unsettling difficulties resulting from the relations between labor and capital. Many thoughtful and conservative labor leaders join with students of economy in indorsing the action taken by Kansas.

## POETRY FOR TODAY

## A SONNET

If thou must love me let it be for naught  
Except love's sake only. Do not say  
love her for her smile—her look—  
her way  
Of speaking gently, for a trick of thought  
That falls in well with mine, and  
certes brought.  
A sense of pleasant ease on such a  
day—  
For these things in themselves, be-  
loved, may  
Be changed, or change for thee and  
love, so wrought  
May be unwrought so. Neither love  
me for  
Thine own dear pity's wiping my  
cheeks dry;  
A creature might forget to weep, who  
bore  
Thy comfort long, and lose thy love  
thereby!  
But love me for love's sake that  
evermore  
Thou may'st love on, through love's  
eternity.

## DON'T SUFFER WITH NEURALGIA

## Use Soothing Musterole

When those sharp pains go shooting through your head, when your skull seems as if it would split, just a little Musterole on your temples and neck. It draws out the inflammation, soothes away the pain, usually giving quick relief. Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister. Many doctors and nurses frankly recommend Musterole for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet—colds of the chest (it often prevents pneumonia). It is always dependable.

## Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. Millions of boxes are sold annually at 10c and 25c. Take one or two nightly and note the pleasing results.

## IT REMINDS US OF WASHINGTON'S BIRTHDAY AND THE "FAVORITE CHERRY TREE" STORY

## SHE SAYS HER HOUSEWORK WAS JUST DRUDGERY

Couldn't Walk Two Squares Without Tiring Before Taking Volatonic.

Mrs. C. D. Thorp, 557 Laurel street, Cincinnati, O., suffered with stomach trouble for years and recently got so bad she was hardly able to be out of bed for three weeks.

"I started taking Volatonic and now I am greatly improved," Mrs. Thorpe said.

"I suffered with indigestion and constipation constantly before I took Volatonic. At times I became nervous and melancholy, too, and felt so bad I hardly knew what to do with myself. I felt weak all over and couldn't walk two squares without getting tired out.

"After every meal I was troubled with gas on my stomach and bloated badly. I also had severe pains in my chest.

"I simply felt worn out all the time and my house work was just drudgery. Recently, I got so bad I was hardly able to be out of bed for three weeks.

"I have taken two bottles of Volatonic now and it has helped my stomach a great deal. My digestion is greatly improved and my food agrees with me much better. I'm not troubled with gas on my stomach or bloating after eating now. The constipation has about disappeared and I am stronger and better all over.

"My husband can notice a big change in me and says he is going to keep on buying Volatonic for me until I am a well woman in every way."

Volatonic, "Builder of Strength," has helped thousands of weakened run down men and women and it will do for you what it has done for others. If you are feeling weak and run down get Volatonic—TODAY!

Volatonic, Builder of Strength," is being specially introduced in Washington C. H. at Frank Christopher's, and at Jeffersonville by J. B. Davis. Advt.

## RANDOM NOTES

SOCIAL : PERSONAL MENTION : CLUBS

A wedding of much interest took place Thursday afternoon when Miss Carse Jane Craig, the only daughter of Mrs. Susie Will, of near Jeffersonville, plighted her troth to Mr. Homer Garringer, youngest son of Mr. and Mrs. O. O. Garringer, of near Washington.

The bride, a very pretty brunette, looked lovely in a suit of blue with accessories to match. Miss Craig is a very popular young lady in both the society and business circles of Fayette county and counties surrounding Fayette.

The bridegroom, a very popular and progressing young farmer, has been associated with his father, Mr. O. O. Garringer, a well known Fayette county farmer.

Mr. and Mrs. Garringer left at 3:30 Thursday afternoon for a few days tour through the northern part of the state. After their return they will be at home at Mr. Garringer's farm on the Greenfield pike.

A large circle of friends are extending best wishes for a happy wedded life.

The Cecilians will hold their regular meeting on next Tuesday afternoon at 3 o'clock. The program scheduled for February the Seventeenth.

Report has it that an anonymous Leap Year proposal in verse has reached an Ohio State University Freshman, but there has been nothing given out concerning the answer sent.

To quote the Ohio State Journal girls are "leaping poetically by jost and jingle."

The following as sent to the University Freshman is considered one of the "leaper" ones.

"My dear and most respected sir: I send you this your love to stir; tis you I've chosen first of all to whom to make a leap year call."

"I've given you this foremost chance; a home for you I would enhance. Your heart and hand I ask of in jest and hope you'll grant my old request and send me back without delay your answer, yes or nay."

"But if your hand does not incline to wedlock's clasp to join with me, then you must leap year law obey and down to me five dollar pay. Besides, kind sir, a handsome dress, I'll ask no more or take no less."

"Now you may think this letter funny, but I must have either man or money. So now do send me your reply and let me be your wife until I die, and if the writer's name you guess; but if there be no hope send me back six yards of rope."

"With lots of love and kisses, from one who cares to be you Mrs."

Nearly all the women workers attached to the American Red Cross Commission to Siberia have left the country. One hundred and fourteen women and twenty men of the Commission have sailed on the transport Great Northern, direct for San Francisco. With the exception of a few Vladivostok workers and a group now enroute from Harbin with Consul General Harris, all women personnel are leaving Siberia.

"We are retaining sufficient staff

for distribution of the relief supplies on hand," said the cablegram, which was signed by Lt. Col. Rudolph B. Teusler, head of the Commission. "Four American Red Cross trailers bringing personnel from the west have now arrived without any incident of hostility or effort to hold our people."

The message added that no fear is entertained for the four American Red Cross Men reported held captive by the Bolsheviks near Krasnoyarsk.

The Masonic dance, which was to have been given on the twelfth of February, will be held on the evening of March the second.

## CLASS WILL START FOR HIGH STUDENTS

High school students will begin their study in the religious line of work provided for by the Y. M. C. A. on the first of March. The books used for text books will be a Bible and a History of the Hebrews.

Sixty hours of study under General Secretary Fraser who will have charge of the class will be recognized by Washington High School as half credit and the student will be given the extra work in the records.

## STAR GUARD UNABLE TO GET IN TOURNEY

Before the Washington High School basketball team left for Greenfield Friday afternoon examination by a local physician discloses the fact that Tommy Rogers, star guard for Foleys Kidney Pills, Blackmer & of the Blue and White, would be unable to play. Tommy is suffering with a congestion of his lungs because of a cold and hard playing would probably result in pneumonia, it was stated by the physician.

The loss of Rogers is a severe blow to the team for championship hopes. Perrill will be used in Rogers' place.

### SUGAR CREEK CHURCH

Special services at the Sugar Creek Baptist Church will begin a week from Sunday, February 29. F. L. Fraser, general secretary of the Y. M. C. A. will have charge of the services.

### ARE YOU LOSING "PEP"?

Do you feel tired all the time? Does your back ache. Do you feel that you are not so spry as you use to be? Foleys Kidney Pills tone up and invigorate the kidneys, banish backache, rid the blood of poisons. Rev. W. F. M. Swindole, Macon, Ga., writes: "I am ready at any time to speak a word of fact that Tommy Rogers, star guard for Foleys Kidney Pills, Blackmer & of the Blue and White, would be unable to play. Tommy is suffering with a congestion of his lungs because of a cold and hard playing would probably result in pneumonia, it was stated by the physician."

## PLACE WOUNDED MEN WITH LOCAL FIRMS

Thomas F. Callahan, of the Federal Board for Vocational Education, Division of Rehabilitation, was in this city all day Friday placing former service men eligible for the training in position with local firms.

The men so placed will, while learning their chosen trade, receive their compensation from the government; unmarried will receive \$80 per month and married men will receive \$115 per month, with an additional ten dollars for each dependent child. All extra that the men earn by their work is their own.

Several men were placed in positions with local firms by Mr. Callahan through the assistance of Miss Mary Robinson of the Red Cross Department.

## XENIA GAZETTE INCREASES PRICE

Like virtually all other newspapers the Xenia Gazette has been forced to increase subscription rates. The Gazette announcement reads:

"On and after February 23, 1920, the subscription rates of the Gazette will be increased from 12 cents to 15 cents a week.

"This move becomes absolutely necessary in order to meet the increased high prices on news print and labor.

The Gazette has refrained from making this increase as long as possible, with the hope that the situation would change, but instead of easing it has become more tense and we are now forced to take this action in order to continue publishing a newspaper worthy of Xenia."

## ROADS VERY ROUGH AND BADLY RUTTED

Quite a large mileage of roads in Fayette county are in very bad condition, having been cut up considerably during the thawing period immediately after the ice sheet.

The recently improved roads are holding up in good shape but some of the roads which were beginning to need attention last year are in condition that a little rain and thawing will make them almost impassable in some places.

## WORKMAN HAS VERY CLOSE CALL

Dan Haggard was painfully bruised about the face and arms Friday morning when he was caught in a belt at the Willis saw mill. He was engaged in putting on a belt when his arm was caught in a moving belt on a pulley. Haggard was thrown into a pile of saw dust several feet from the wheel.

## MORE TEACHERS URGED BY COX STAFF DEPLETED

That school teaching, for which better salaries are being paid than ever before, is a highly honorable profession and a genuine service to mankind in general, is the attitude taken by Governor Cox in his proclamation setting aside the week for bringing before the public the great need for more teachers.

Governor Cox says in part: "As the result of the disturbed economic conditions of the times, the teaching staff of the public schools of the state has been depleted. School authorities have been compelled to recruit from untrained ranks, and teacher shortage has necessitated frequent change in school terms.

"There have been enforced long vacations and even abandonment of some schools. Educational progress is impeded.

"Today a million children are in the schools of Ohio. And while these children are at school, their parents are busy to provide for the physical needs of their little ones. The fathers are working in the mines, on the farm on the railroads, in the shops and factories, and in the stores and offices; while the mothers are equally busy in making the homes comfortable. What these children will be twenty years from now depends very largely upon what we do for them now, for no civilization ever rises higher than the quality of the schools.

"It is quite fitting, therefore, that we unite in striving to generate a deeper sympathy for school work to the end that we may put it upon a higher plane so that it will appeal to all people and attract to the work of teaching the very best young people we have in Ohio. The opportunity lies before us to do noble service for humanity by enlisting in the cause of education the very elect of our young people to the end that the children of Ohio may have the best teaching possible."

## ADMITS THEFT OF MANY CARS

The authorities who have quizzed Ed Miller, under arrest in Wilmington for the theft of an automobile state that Miller has admitted the theft of a half dozen or more machines in this part of the state, but so far has denied that any of the stolen machines came from Fayette county.

The man is said to have an interesting story of his crimes, and involves another party or two.

## MARION MAN GOT NO RELIEF FROM VISIT TO CITIES.

Made special trip to Cleveland and Toledo for medicine which did his rheumatism and stomach trouble no good.

## COULDN'T BEND OVER

Back ached, joints sore, muscles painful, the new medicine Dreco has relieved him.

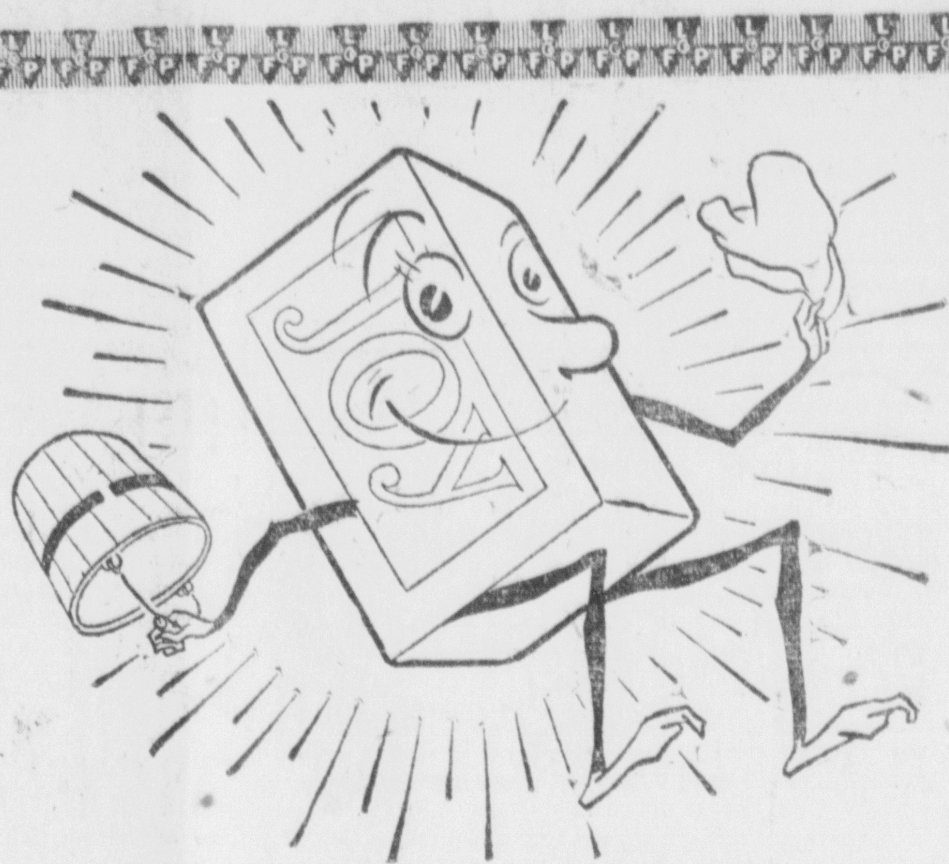

"I even made special trips to Cleveland and Toledo to buy medicine for my ailments but none of it did me any good," are the words of Mr. F. E. Dreher, the expert carriage maker, who has lived in Marion, O., the past 22 years and now resides at 308 Girard Ave.

"My back gave me lots of trouble. I could not bend over, without great pain. There was a continued burning right over my kidneys. My joints were full of rheumatism and my muscles sore and drawn. My stomach seemed like it was on fire and would fill up with gas. I think my stomach trouble came from taking so much strong medicine for the rheumatism, and tore it all to pieces."

"I kept reading about what Dreco was doing for people around here, so I bought a bottle. Before I had taken half of it, I could see that it was helping me. It eased my stomach; stopped the burning and gas and quieted my nerves so that I could sleep. Then the pains began to ease up in my back and I could stoop and bend without suffering as formerly. My joints got supple and muscles relaxed. I continued taking Dreco and today I haven't a pain in my body. I think Dreco deserves the praise of every one in this city."

Dreco acts on the kidneys, aiding them to strain the rheumatic poisons from the blood; overcomes stomach trouble; relieves constipation and rebuilds rundown systems. All good druggists sell Dreco and it is highly recommended in this city by

Frank Christopher, Druggist

# here is joy!

JUST what you've been wanting. The very thing you most need!

Here is Joy Soap, the great friend of all housewives. My, but it's wonderful how Joy cleans up dishes, washes clothes, scrubs floors, makes windows spotless—an' ev'ry thing!

Joy sure does bring joy to women. It's the most everlasting dirt-chaser in the whole soap family!

Comes in cool, white cakes, smooth and pleasant to feel. Buy one and notice how firm it is. Last? Why, you'll get a regular ton of work out of one cake!

And joy does the work quick and well. A little rubbing with its cleansing suds and the job's done. You don't have to do the scouring and scrubbing—you just get Joy started and sort of boss the job. Joy cuts up the dirt and grease, absorbs it and dissolves it. Use Joy for all household work. You can't help liking it, for it's the most likable soap you ever used! And it feels so good—not "soapy" or sticky.

Joy Soap saves you time and money. It saves you unnecessary hard work, for it cleans quickly and easily.

Make your housework pleasant with Joy—it works like a wizard! Ask your grocer—today.

## SIX REEL FILM WILL ENTERTAIN AT BIG BANQUET

Through the State Fish and Game Bureau the Fayette Fish and Game Protective Association has secured to display at the annual banquet six thousand feet of wild game film which was produced by the Fish and Game Bureau under the direction of Chief A. C. Baxter and which has been shown all over the state for the purpose of depicting to the general public the extensive constructive work of the Bureau in propagating and conserving wild life in Ohio.

The pictures will be shown on the second floor of the Memorial Hall while the first table diners of the big annual Fish and Game banquet are eating. The banquet committee has not received a release date for the films.

Six reels make up the six thousand feet of wild life.

The various reels are as follows: "What the Game Protectors Do," showing activities at State Bureau headquarters.

"Fish Farming on Lake Erie," showing the work of the food fish hatchery at Put-in-Bay.

"Making Ohio a Fisherman's Paradise," showing how fish for restocking inland waters are secured from Lake Erie.

"A Buckeye Coon Hunt," this reel shows an old fashioned coon hunt in Ohio and is one of the best of the series.

"When Ducks Decoy in Ohio," shows the wild duck in his natural state.

"Hunting the Ringneck Pheasant," is a lesson in sportsmanship and also depicts a good pair of dogs.

"Clearing Up Polluted Streams," illustrates how the department is cleaning up polluted water.

It doesn't matter how chronic, persistent or deep-seated your trouble, by reading what users say in the articles on this new and powerful nutritive, reconstructive tonic made. Each bottle bears the name of nationally known Earle Chemical Co., which is a guarantee of the finest medicine.

That dull, headachy, irritable feeling disappears; your head, throat and lungs clear up; watery noses and eyes feel good again; the hoarseness disappears; you sleep good, breathe easy and back comes the appetite and "pep." You don't mind the icy cold winds and chilly days as your blood becomes thick and enriched; good rich red blood brings the roses to your cheeks; the lungs with new strength oxidize the blood better and ward off such coughs and colds easily; your digestion is improved and takes care of the heavier winter foods—soups, meats, hot cakes, pumpkin pies and pastries.

The beauty about the Hypo-Cod and Earle's 5¢ way of relieving a cough and cold is that it not only stops the trouble you have now but it increases the disease resisting vitality, strengthens and fortifies the system against such like the balance of the winter. Frail, weak, fast growing children can be built up to robust, vigorous health by a bottle or two and sleep, eat, play and study better and folks of all ages should adopt this wise old tonic habit of our forefathers according to enthusiastic folks everywhere. Hypo-Cod contains the good, old-fashioned ingredients in more powerful form without the disagreeable, oily taste and in addition contains the elements needed because of our changed methods of living, working and eating. In Hypo-Cod we get a much more powerful and quick acting preparation with all of the old-fashioned objectionable features removed. Come down to the store tonight and get a couple bottles.

## COUGHS AND COLDS MAKE YOU "ACHY," WEAK AND PALE HERE'S EASY WAY TO STOP IT

DON'T TAKE JUST A PILL OR DOSE OF SALTS—CURE THE COUGH OR COLD—THEN FORTIFY SYSTEM AGAINST THE NEXT ONE.

PEOPLE WHO CATCH COLD EASILY ARE IN POOR SHAPE TO WARD OFF DISEASE

You Can Cure This One and Have No More All Winter.

DO A GOOD JOB OF IT AND DO IT NOW

People in perfect health get soaking wet, dress too thin; sit in drafts and laugh at coughs and colds. If you were run down, really and truly, you would feel pale, weak, achy and hat all over—can't eat, can't sleep and feel miserable—here is the quickest and best way to knock it completely out of your system and be back on your feet feeling "Pina-colada" in five minutes.

But remember—You can't kill a "beast" of a cold with birdshot. A little pill or dose of salts isn't enough—You want permanent relief from the cough and cold for the balance of the winter. You want to clear the chest, lungs, throat and head of the cold and cough and strengthen the lungs so the next cough or cold that comes along will have no more effect than the Germans at Chateau Thierry.

WHAT TO DO  
Stop in at the drug store and get two bottles of Hypo-Cod. (We give a 3¢ box of Earle's 5¢ Laxative and Bowel Tablets free with every two bottles of Hypo-Cod.) Take two or three of the 5¢s and a tablespoonful of Hypo-Cod—go to bed early and keep covered up and then—starting tomorrow morning follow the directions. That is all.

## HOTEL MAN HAD BAD COUGH BUT H-C STOPPED IT

Stops His Cold, Built Him Up—Restored His Appetite.

SLEEPS SOUND AT NIGHT AGAIN

"My husband surely had a very serious cold and cough and he had grown so weak as time went on that I knew he had to do something desperate," declared Mrs. Ben Nunnally, wife of the well known proprietor of Nunnally's Hotel, Youngstown, Ohio.

"His appetite began to disappear and nights he was so restless and had on account of the cough he didn't close his eyes and would roll and toss and complain of aching muscles and chest. We saw Hypo-Cod advertised by good luck and it was helping so many Youngstown people he bought a bottle and I'm glad to say this medicine really does what they say. It was just what he needed and he took two bottles," continued Mrs. Nunnally.

"Earle's Hypo-Cod not only brings relief from coughs and colds—it drives out all the symptoms and wards off the next one. Take a couple bottles and be free of such troubles all winter. Of course if you use with temporary relief come to the store and get something simpler, but we recommend that you use Earle's Hypo-Cod for a permanent cure and avoid sickness. An ounce of prevention is worth a pound of cure. The entire cost is less than the cost of a day's pay, not to mention sick leave."

"To purchasers of two bottles we give free a regular 3¢ box of Earle's 5¢s (coupons redeemed) and for colds and coughs the two work beautifully together. See directions on package. Read what other users say regarding this superb preparation."

"I feel like a different person and don't dread work like I used to. All the shooting pains and dizzy spells that I had and the gasping for air so fast that I can't breathe Hypo-Cod enough," continued Mr. Stanley Crane, lumber inspector with the West Side Lumber Co., (Address 1225 Mercer St., Dayton, Ohio).

"Thousands in Dayton prefer Hypo-Cod to all other tonics, and as in this city at the Old Soldiers' Home scores of elderly men credit Hypo-Cod for renewed strength and freedom from sickness."

At this season of the year the blood should be enriched and thicker so you can withstand the cold weather better. Your appetite should be hearty and digestion stronger to take care of the heavier winter foods. The lungs must be stronger to ward off colds, coughs, catarrh, bronchial and asthmatic conditions. We advise everyone to take a dose of Earle's Hypo-Cod before meals for a few days just to increase their disease resisting vitality and reserve energy. It is a tonic, saves time and this wise old tonic habit of our forefathers means freedom from colds and watery phlegm. Come down to the store and get a couple of bottles. We prepare large bottles of the genuine Earle's Hypo-Cod anywhere on receipt of price, \$1.25, plus 5¢ war tax.

"I endorse Hypo-Cod without reserve. I have been suffering from after-effects of the grippe and had lost considerable weight. I coughed a good deal at night and seldom slept good. I felt worn out and would get dizzy and things would turn black. Everything tasted the same to me and my appetite was gone."

"Hypo-Cod stopped all these troubles mighty quickly, however."

## HE FELT ACHY, WEAK, HAD BAD COUGH, HYPO-COD STOPPED IT

Nothing Tasted Good—Was Weak and Dizzy In the Morning.

FEELS LIKE NEW MAN ONCE AGAIN

The hundreds of statements from people throughout the country praising Earle's Hypo-Cod must surely convince even the most skeptical of this new tonic's power. Just a glance at the formula upon the bottle tells you it is composed of the finest ingredients. The secret is in the strength and the elimination of the oily, fishy taste which made the old fashioned preparations so disagreeable and upsets weak stomachs so much. Mr. Stanley Crane said recently:

"I endorse Hypo-Cod without reserve. I have been suffering from after-effects of the grippe and had lost considerable weight. I coughed a good deal at night and seldom slept good. I felt worn out and would get dizzy and things would turn black. Everything tasted the same to me and my appetite was gone."
